Calling

To serve Christ and His people using my spiritual gifts of pastoring, teaching, discerning, administering, and healing.

Summary

I have held various positions that highlight my leadership, creativity, and attention to detail. Over the past forty years, I have led organizations in the areas of software development, real estate, education, and ministry. Expertise includes forming new ways to better the world through innovations in technology and processes, connecting disparate ideas and people for enhanced outcomes, and investing resources to help people thrive.

Employment Highlights

2021–Present, Ekklesia of Texas, Austin, TX, ***Pastor***

Responsible for oversight of pastoral care, helping church leaders rediscover their calling and move in love and power by listening to God's voice, deploying prayer strategies, and experiencing joy. The ministry provides coaching, advising, and mentoring services by partnering with Generous Java, Joy Restart, and Mental Hope Centers to deliver a range of programs promoting generosity, spiritual well-being, and mental health support within communities.

2022-Present, PX12 System Interim, ***Advisor***

Implemented sustainable strategies for hiring, developing, and retaining exceptional talent by leveraging the PX12 System's patented technology and advanced brain science. This approach has significantly improved organizational outcomes, enhancing productivity, culture, retention, revenue, and profits.

2024-Present, My Solid Legacy Venture + Philanthropy, ***Partner***

Co-host the My Solid Legacy Podcast, providing a platform for servant leaders to share their knowledge and insights that help others create impactful legacies through generosity.

2023-Present, KNGDM VNTRS, ***Partner***

Provide tailored business advisory and consulting services to help create enterprises through product development, business planning, and fundraising. Leverage industry expertise to guide faith-driven entrepreneurs through every stage of business creation and growth to maximize kingdom impact.

2015–2018, Smarthome Hero Wilmington, DE, ***Founder and CEO***

Led a team that developed the first whole-home inventory of products supported by their manufacturers. The web and mobile app were supported by large builders and used by homeowners to catalog all the items in their homes that carried warranties or would require maintenance.

2010–2015, Solid Green Companies, Austin, TX, ***Founder and CEO***

Created and led a team that invented and patented a panelized homebuilding system that allowed new residential structures to achieve net zero energy status more easily by providing highly insulated walls and roofs.

2001–2013, Common Steps, Austin, TX, ***Founder and CEO***

Created and expanded a nonprofit ministry to help families after divorce or loss of a loved one regain hope and find healing. The ministry provided training, education services, counseling connections, and a web and mobile app to keep people connected as they went through their process of recovery. The ministry focused on working churches and North American support groups that sought to do more for hurting families.

1998–2000, One eCommerce Corp., Austin, TX, ***Co-founder and CEO***

As the developer of the first e-commerce platform that connects a web-shopping cart to back-office accounting systems, the company served mid-market solution providers with a suite of products to increase the productivity of sales and service. The company had an initial public offering in 2000.

1992–1996, Enhanced Services Company, Inc., New York, NY and Houston, TX, ***CFO***

Led the financial team from start-up to public offering in 1995 as the world's premier notebook computer upgrade provider, serving HP and Toshiba. Clients included many Fortune 2000 companies.
